MEMORANDUM FOR [REDACTED]

I checked with Lydia this morning regarding the status of [REDACTED]. She came in for interviews on 26 Jan., and was interviewed by I&S and OPC. Her main desire was for a job overseas so she could be nearer her husband who apparent is, or will be, stationed abroad. (Due to age limitations on overseas assignments, she does not qualify.) However, she was offered a job either in [REDACTED]

She departed in a very cordial spirit.
